'Together in friendship for India'

I-Connect Projects  
Report, India

### Ashadeep Medical Camp, Amlia, Jhadol

### Water Filter Project, Paba

### Water Filter Project, Pai

### Panerva Aravalli Mission

Thanks I-Connect team for your visit to our various projects area and encouraging to continue what we are doing. Our medical camps were successful in Amlia where we could treat 100 plus patients. At Paba village through your help we could provide clean water for 200 plus people who gather in our community center. The filter that is installed in Pai is serving our hostel children as well as the local community. The teams visit to Panerva children's home was encouraging, where forty poor children are provided food, clothing and education and other vital facilities. Because of your donations we are in the process of stitching clothes (in our JJTC skill development centre) for those children. Your partnership is crucial to continue the life transforming programme that we partner together. Thanks once again.
