

Ashadeep Medical Camp, Tidi, Udaipur

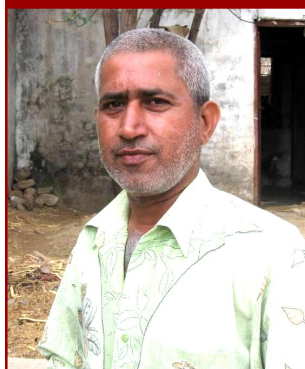

In this April month the medical team travelled for one and half hours to reach a small village called as Tidi beneath the mountains. The summer heat was at its peak and people of all kinds queued up for medicines and treatment.

About 97 needy people were treated and given free medication. Many cataract patients were screened for surgery, which will be done in the winter months. A few have been called to Udaipur for further treatment and follow up. A little girl child with nephrotic syndrome and a young boy with umbilical disorders from his childhood was diagnosed and referred to Govt. hospital for treatment. Thank you I-Connect for enabling us to reach these needy places with medical supplies.

Jeevan Jyoti Tailoring Project, Udaipur

Gladly we want to introduce Mr. Anil Sukhwani who has joined JJTC in this April as our tailor-master. With him the team is doing well. He is now helping us in stitching 40 pairs of shirts and pants for the children at Panerva hostel. The shirts are ready now and soon we would be finishing the rest. We are looking for more ladies to join us soon. Thanks to all our I-Connect friends sincerely for your good friendship with us.
