

Jeevan Jyoti Tailoring Project, Udaipur

Raju

Meera

Anita

Rekha

We are thankful to I-connect for partnering with us since 2008. With many joyful moments JJTC has completed four years of Operation and now moving into the fifth year. These years have been challenging, however in those odd hours, always you have given us a strong hand of support to go the extra mile.

Stitching of forty pairs of shirts and trousers for the Panerva hostel children is over now. We are thankful to Mr. Anil Sukhwani, Saramma, Rajkumari, Madhu and Hemlata for their hard work through out the project. In the beginning of July, these shirts and trousers will be handed over to the children. With this, our ladies have started stitching pants and shirts for other customers as well.

Besides the production unit, the training program is also going good. Raju, Rekha, Anita and Meera are our new trainees.

JJTC will remain ever grateful to all of you for everything you do for us. Thank You !
