

St. Matthew's School, Udaipur

In this new Academic year, one hundred plus new children took admission in St. Matthew's School. We are happy with our efforts in setting a milestone that our school has established in the city. The parents from all over the city are attracted to our school. The children are happy to study here. The monsoon has arrived to our city and the climate has become cool. The school canteen is running by a new couple now. We invite our I-Connect friends to come and partner with us in developing the school.

St. Matthew's School, Jhadol

We are thankful to Celia, Ian and Mark for their warm visit to our St. Matthew's School, Jhadol. We were encouraged by their presence. In this July, the total strength of the school has reached to 160. There are 110 new children have taken new admission in to the school.

Panerva Children Hostel, Udaipur

The overwhelming experience for us was to see the smile on the faces of these kids with their new dresses and school bags. They look different and it is because your love has reached to their hearts. The number of children is increased to 51. We sincerely want to thank you I-Connect for your care and affection for these little ones.
